CONNECTING WORLDS – SAVING LIVES.

It is our mission to connect worlds, save lives, and master major challenges.

We consider this to be our responsibility.

The German aerospace industry is successful globally due to its track record of innovation and creating cutting-edge technologies.

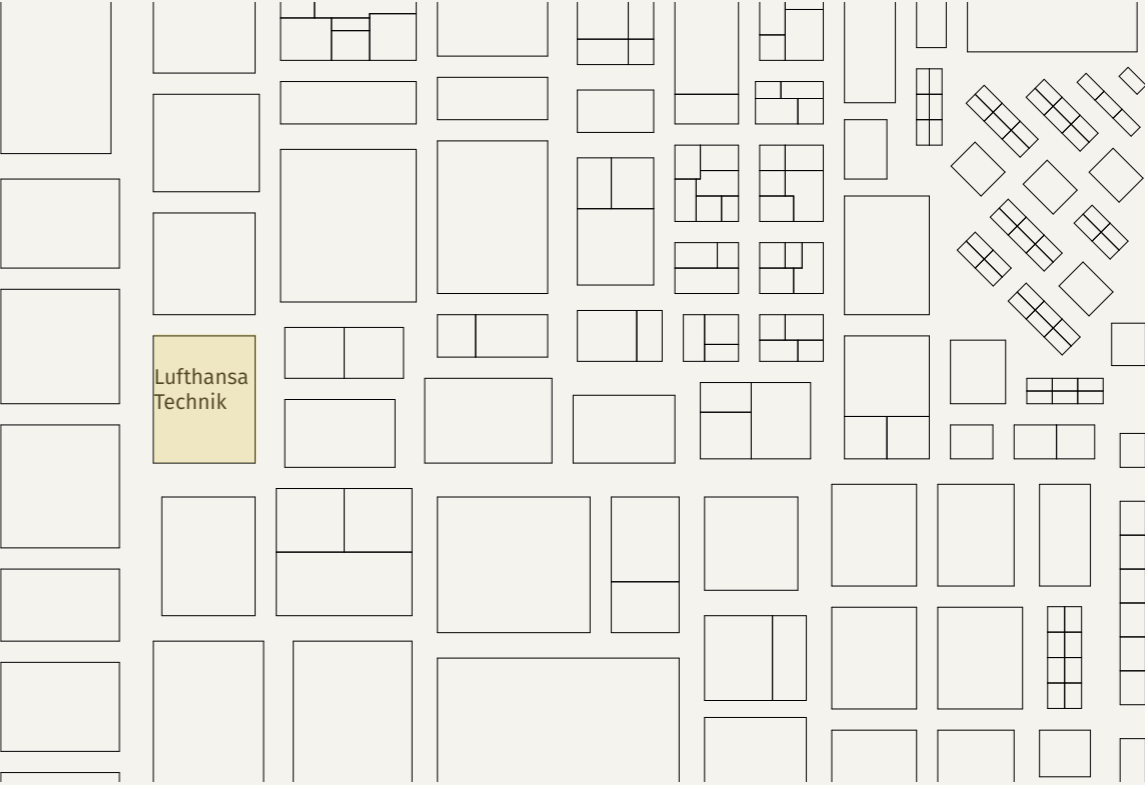

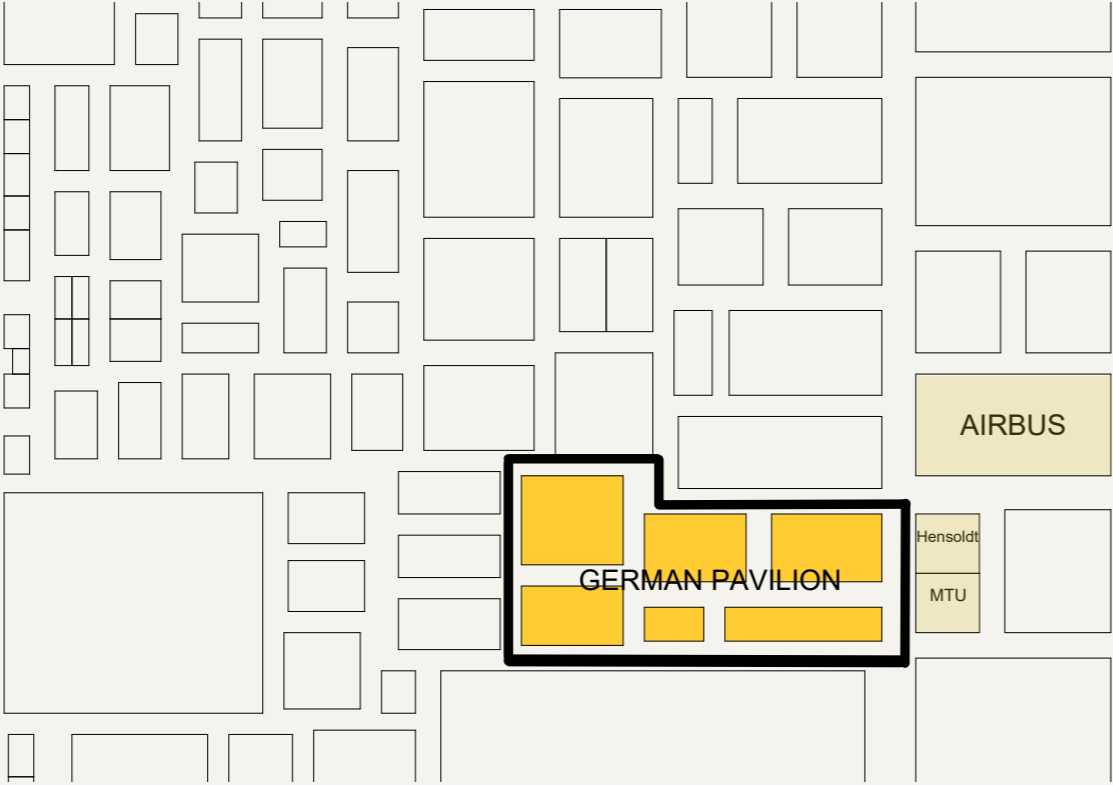

WE ARE ...

- ... the voice of the German Aerospace
- ... a driver of jobs
- ... at the forefront of innovation

### Exhibitors

#### [AEROSYS AG](#)

info@aeronautical-systems.com  
www.aeronautical-systems.com

**AeroSys AG**, headquartered in the Osnabrück Innovation Centre, **develops the first certified digital co-pilot „Goose“**. After more than two years of development „Goose“ will celebrate its public premiere at the Dubai Airshow in November 2021.

With „Goose“, pilots receive flight data intuitively and in real time via voice and audio interaction. They experience the same support that a human co-pilot would provide at their side. „Goose“ does not require an additional display and thus reduces visual stress - which means more safety in the air.

AeroSys already has strategic partnerships with the German Aerospace Center (DLR) as well as other specialists and companies from the aviation industry. The start-up is supported by EUR 1.3 million from the German government for a joint project with DLR. In 2021, AeroSys received seed capital of above EUR 750K. As a new company with international aspirations and a global target group, AeroSys is still looking for investors - worldwide.

## Dubai Airshow 2021 | THE GERMAN PAVILION

### Exhibitors

#### [AIRCRAFT PHILIPP ÜBERSEE GMBH](#)

anfrage@aircraft-philipp.com  
www.aircraft-philipp.com

Aircraft Philipp (ACP) - part of the AMAG Group since 2020 - is a specialist with over 60 years of experience in the manufacture of ready-to-install metallic components and assemblies for the international aerospace industry. With locations in Germany and strategic partners in Israel and India, we are specialized in the machining and sheet metal forming of aluminum, titanium and other aviation alloys. ACP is known for FIRST TIME RIGHT!

[ANKER GEBR. SCHOELLER GMBH & CO. KG](https://www.anker.eu)

[export@anker-dueren.de](mailto:export@anker-dueren.de)

[www.anker.eu](https://www.anker.eu)

As a long-standing specialist in woven carpets we have been committed to textile floor design since the company's founding. From the 1960s on ANKER has been manufacturing specialized carpets for aviation. Today we are one of the world's leading suppliers of aviation carpets.

Among others we supply to: Airbus, Boeing, Embraer, COMAC, American Airlines, Azul, British Airways, Cathay Pacific, Delta Connection, Emirates, Eurowings, JetBlue, Lufthansa, Scoot, Thai Airways, Transavia.

AUTOFLUG GMBH

[sales@autoflug.de](mailto:sales@autoflug.de)

[www.autoflug.de](https://www.autoflug.de)

AUTOFLUG motto is THINKING SAFETY, ~ 250 employees do Design, Development, Manufacture, MRO of own and other OEM parts.

AUTOFLUG products/services are

- Cabin solutions for helicopters, transport aircraft and land vehicles – especially seats
- Fuel systems and AUX tanks
- MRO of Martin-Baker ejection seats
- Harnesses and restraint systems
- Pilot flight equipment (CBRN, anti-G suits, PSP)
- Rescue parachutes, brake parachutes and recovery parachute systems
- ILS, CAMO, Training, Obsolescence management

[GERMAN AEROSPACE INDUSTRIES ASSOCIATION \(BDLI E.V.\)](#)

[contact@bdli.de](mailto:contact@bdli.de)  
[www.bdli.de](http://www.bdli.de)

The German Aerospace Industries Association (BDLI) is the primary representative of the aerospace sector in Germany. As the voice of German aerospace, BDLI engages in dialogue with political institutions, authorities, trade associations and governments at home and abroad.

[BOYSEN GMBH, A BOSSARD COMPANY](#)

[info@boysen.aero](mailto:info@boysen.aero)  
[www.boysen.aero](http://www.boysen.aero)

Boysen Aerospace is a Bossard company and one of the leading distributors of fastening technologies in the industry. We hold one of the largest portfolios of metric & imperial fasteners worldwide. With more than 50 years of experience we value open exchange with our customers to find suitable products & services to improve their supply chain and reduce cost. Our customer base includes OEMs and Manufacturers of fixed and rotary wing appliances, MROs, EVTOL & Drone Manufacturers, and Distributors.

[BROETJE-AUTOMATION GMBH](#)

[info@broetje-automation.de](mailto:info@broetje-automation.de)

[www.broetje-automation.com](http://www.broetje-automation.com)

Broetje-Automation is the world's leading expert for production processes in the aerospace industry. At 23 locations and service centers worldwide, we plan and implement machines and systems for aircraft assembly and production. Our group of companies provides all necessary solutions to equip your factory of the future, both with robots and machines as well as for turnkey factory planning and digital integration from data acquisition to line management. Our global service teams ensure your production is running smoothly and efficient 24/7.

[DEHARDE GMBH](#)

[info@deharde.de](mailto:info@deharde.de)

[www.deharde.de](http://www.deharde.de)

Worldwide, Deharde manages aerospace projects for components and structures, wind tunnel models, and jigs and tools. More than 150 qualified processes cover the entire production chain from concept to implementation: development, design, manufacturing, assembly, and testing. Deharde is "Design & Build" qualified and EN 9100/ISO 9001 certified. Short-term implementation of completely new processes and successful recovery projects in case of customer distress proof Deharde's high flexibility.

# DIEHL Aviation

## DIEHL AVIATION

Aviation-marketing@diehl.com

www.diehl.com/aviation

Diehl Aviation is a first-tier supplier for avionics solutions and preferred partner for cabin integration in the aerospace industry. The integrated product portfolio consists of interior lighting systems, air distribution systems, crew rest compartments, lavatories and refreshment rooms, floor-to-floor lining as well as galleys - also available as retrofit solutions. Systems for water and air management, fire protection and further cabin electronics complement the company's portfolio for aircraft interiors. Furthermore, Diehl Aviation's worldwide customer service guarantees the full range of commercial and technical support. Diehl Aviation - WE ARE ONE!

DORNIER SEAWINGS

## DORNIER SEAWINGS GMBH

ms@dornierseawings.com

www.dornierseawings.com

Dornier Seawings, based in Germany and China, is the culmination of three generations of Dornier aviation heritage that designs, develops and manufactures foremost seaplanes. Dornier Seawings is a multicultural and multi-national Joint Venture between the Dornier family and two state-owned Chinese enterprises. Today, the company's mission is to design, produce, sell and support the Dornier Seastar CD2, the world's most advanced amphibious aircraft.

[ESG ELEKTRONIKSYSTEM- UND LOGISTIK-GMBH](#)

[info@esg.de](mailto:info@esg.de)  
[www.esg.de](http://www.esg.de)

ESG is a leading German company for the development, integration, maintenance and in-service support of complex, security-relevant systems, mission equipment, software and IT. Worldwide we deliver and operate tailored products and solutions that create security for public sector and industry customers. We focus on the domains air, land, sea, cyber, medical services and logistics. ESG is a certified aviation company for aircraft and aviation equipment for the German Bundeswehr and an aviation engineering company in line with EASA Part 21J, EASA Part G and EASA Part 145. For over 50 years, our independent engineering spirit and in-depth domain knowledge have been at the core of our company's entrepreneurial DNA.

[FAAVIO GMBH & CO.KG](#)

[info@faavio.com](mailto:info@faavio.com)  
[www.faavio.com](http://www.faavio.com)

One-stop service for aviation products

We are there to support you !

Our tasks are determined by your demand. Creating standard and customized solutions with over 20-year experience in the aviation industry.

As an owner-managed company, faavio provides personalized performance and service, enabling you to focus your core business.

## Dubai Airshow 2021 | THE GERMAN PAVILION

#### [ILA BERLIN 2022 \(MESSE BERLIN GMBH\)](#)

exhibitor@ila-berlin.de  
www.ila-berlin.de

ILA Berlin  
22 to 25 June, 2022, Berlin ExpoCenter Airport  
Innovation and Leadership in Aerospace

ILA Berlin 2022 – Innovation and Leadership in Aerospace - will start with a new hybrid concept at BER Airport. With a focus on innovation, technology and sustainability, ILA Berlin covers the entire spectrum of the aerospace industry with the Aviation, Space, Defense & Support and Supplier sections. The new ILA is aimed at the trade audience and will be the meeting place for the international industry, politics, armed forces, business and science.

## Dubai Airshow 2021 | THE GERMAN PAVILION

### Exhibitors

#### [IT CONCEPTS GMBH](#)

sales@itcworld.com  
www.itcworld.com

IT Concepts is an international company with global resources of seven facilities around the world. The ITC Group develops, produces and sells optical, electronic and precision components, assembly groups and systems with more than 500 motivated and highly skilled employees. The product lineup ranges from single components for industrial and medical endoscopes to complete Videoscope Systems. Our Remote Visual Inspection Endoscopes are used in many industrial areas including, Power Generation and Distribution, Oil/Gas, Automotive, Aviation, Aerospace and Building/ Structural Inspection and Service. Our technology is also used for critical Law Enforcement, Security, Corrections, Search and Rescue and Military tasks where ease of use, accurate information and operator safety is paramount. We support our customers with application expertise, an emphasis on training and the direct customer service provided by our customer facing staff and network of authorized sales partners. Remote Visual Inspection Professional and efficient inspection equipment.

[KAPPA OPTRONICS GMBH](https://www.kappa-optronics.com)

[info@kappa-optronics.com](mailto:info@kappa-optronics.com)  
[www.kappa-optronics.com](https://www.kappa-optronics.com)

Kappa optronics | Business Unit Aviation: Let your vision fly!  
Kappa has more than 40 years of experience in cameras and vision systems in rugged and certifiable aviation designs. We focus on flight test cameras (FTI cameras), cameras for ED-155 compliant crash recording, cameras for space applications (cameras for launch vehicles and vacuum applications), HUD cameras for flight visualization, aircraft surveillance cameras (e.g., cargo, cabin/ cockpit door surveillance) and vision systems for air-to-air refueling.

[KRÜGER AVIATION GMBH](https://www.krueger-aviation.de)

[info@krueger-aviation.de](mailto:info@krueger-aviation.de)  
[www.krueger-aviation.de](https://www.krueger-aviation.de)

Krüger Aviation is a family owned business with nearly 100 years of expertise in plastics. As a total solution provider we aim to support our customers with everything about plastics, including parts and components manufactured by various manufacturing methods, technical support and semi-finished stock materials.

Our competence is in aviation mirrors, VIP interior parts, thermoforming, 3D printing and CNC machining. Typical products we do deliver includes optical parts such as light lenses and features, lavatory mirrors, cosmetic rack, toilet shrouds, washbasins and other lavatory components, PSU covers etc. Our facility has state-of-the-art variable manufacturing stations, a quality inspection room and an aerospace-qualified high-bay warehouse. We can quickly change the layout of our shop floor in order to include ring or line production systems, etc. We hold EN9100 and EN9120 certification.

[LAP GMBH LASER APPLIKATIONEN](#)

info@lap-laser.com  
www.lap-laser.com

LAP is one of the world's leading suppliers of systems that increase quality and efficiency through laser projection, laser measurement, and other processes. Every year, LAP supplies 15,000 units to customers in industries as diverse as radiation therapy, steel production, and composite processing. LAP employs 300 people at 8 locations in Europe, America and Asia.

[MENA3D GMBH](#)

contact@mena3d.com  
www.mena3d.com

Mena3D is a European-based company with headquarters in Stuttgart, Germany and several offices in the Middle East and North Africa. We provide the latest state of art technology including (but NOT limited to) reverse engineering, inspection, quality control and GD&T measurement. We offer traditional surveying applications including GPS, GIS, UAV, and 3D laser scanning and software for many applications. We support our customers by providing the right solution, which can fit their application and help them to use it.

REINERSTEMME.AERO GMBH  
info@reinerstemme.aero  
www.reinerstemme.aero

RS.aero is located in the Berlin area in Germany and develops and manufactures aircraft for private and utility use as well as airborne platforms for surveillance tasks, certified in CS 22 and CS 23. The team has a broad experience in developing unique and sophisticated solutions. Modern technologies and material are standard for the development for the future. Current focus besides aircraft are sustainable propulsion systems, remote sensing solutions and flight control systems for OPVs.

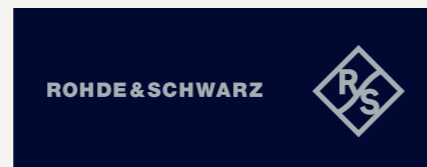

[ROEDER COMPONENT SERVICE CENTER GMBH](#)  
info.csc@roeder.aero  
www.roeder.aero

Founded in Egelsbach in 1922, the Roeder Group is a strong partner in commercial-, business-, military- and general-aviation, as well as for helicopters. We are located in Europe and the Middle East. Roeder holds approvals for Part 21J, Part 21G and Part 145. We are maintaining a wide range of components such as wheels & brakes, engines & accessories, survival-, galley- and cabin-equipment. We are also offering services in NDT and surface treatment such as painting and electroplating.

## Dubai Airshow 2021 | THE GERMAN PAVILION

[ROHDE & SCHWARZ GMBH & CO. KG](https://www.rohde-schwarz.com)

[CustomerSupport@rohde-schwarz.com](mailto:CustomerSupport@rohde-schwarz.com)

[www.rohde-schwarz.com](https://www.rohde-schwarz.com)

Rohde & Schwarz presents comprehensive solutions for civil and military air traffic control to increase safety and efficiency in the air and on the ground. The company helps to secure the skies with its comprehensive range of turnkey solutions and products from the civil CERTIUM® ecosystem and the military SOVERON® product family brand. These include airborne software defined radios, communications solutions for air navigation service providers as well as radar and avionics T&M systems.

## Dubai Airshow 2021 | THE GERMAN PAVILION

### Exhibitors

[ROHI STOFFE GMBH](https://www.rohi.com)

[www.rohi.com](https://www.rohi.com)

The rohi woolen mill, based in Geretsried, Upper Bavaria, is one of the world's leading providers of woolen upholstery fabrics. Founded in 1933, the family-owned company has established itself as a provider to the aviation industry, as well as for the international furniture industry and public buildings. The foundations for the unique quality is the years of experience with wool. rohi uses only the highest grade virgin wool to develop hard-wearing and durable textiles. State-of-the-art production processes and a high design appeal are combined at rohi to produce high end woolen fabrics with attention to detail and passion for our work.

[RÖHM GMBH - ACRYLIC PRODUCTS](#)

kommunikation@plexiglas.de  
www.plexiglas.de

PLEXIGLAS® “The original” – the branded acrylic product from Röhm GmbH occupies a leading global position in the international acrylic market.

One of the first applications for cast acrylic sheet was Aircraft glazing. The material is lightweight, resistant to thermal shock, and has excellent optical clarity and mechanical properties. Therefore, PLEXIGLAS® acrylic sheet has been used in the most varied types of aircraft glazing for many years.

[WULFMEYER AIRCRAFT INTERIOR](#)

info@wulfmeyer.com  
www.wulfmeyer.com

Wulfmeyer Aircraft Interior, successful supplier and partner of the international aviation industry for over 60 years, has established itself as a co-creative part of an industry known for the highest quality and safety requirements worldwide. Consequently, our portfolio, the development and production of insulation, non-textile floor coverings, high-performance self adhesive applications and hook as well as loop tape is characterized by an uncompromising commitment to quality.

ZARGES

[zarges@zarges.de](mailto:zarges@zarges.de)

[www.zarges.com](http://www.zarges.com)

ZARGES is one of the most innovative und most experienced companies in Europe in the area of aviation access solutions.

In refuelling ladders, maintenance stairs and docking systems for planes and helicopters ZARGES customers benefit from our quality and service which we offer for years after the purchase of our branded products.

ZARGES products combine all the benefits of aluminium such as high stability and light weight, resistance to corrosion and flexibility in use.

All our solutions can be offered in an individual custom-made order.

**AIRBUS**

AIRBUS

[www.airbus.com](http://www.airbus.com)

#### **About Airbus**

Airbus pioneers sustainable aerospace for a safe and united world. The Company constantly innovates to provide the most efficient and technologically-advanced solutions in aerospace, defence, and connected services. In commercial aircraft, Airbus offers the most modern and fuel-efficient airliners. Airbus is also a European leader in defence and security and one of the world's leading space businesses. In helicopters, Airbus provides the most efficient civil and military rotorcraft solutions worldwide.

HENSOLDT

[mideast.marketing@hensoldt.net](mailto:mideast.marketing@hensoldt.net)

[www.hensoldt.net](http://www.hensoldt.net)

**HENSOLDT – Innovations for a safer world**

HENSOLDT is a major German player in the defence industry with a leading market position in Europe and a global reach. The company develops sensor solutions for defence and security applications. As a technology leader, HENSOLDT also continuously expands its Cyber portfolio. With more than 5,600 employees, HENSOLDT generated revenues of 1.2 billion euros in 2020. HENSOLDT is listed on the Frankfurt Stock Exchange and the SDAX stock market index there.

LUFTHANSA TECHNIK AG

[marketing@lht.dlh.de](mailto:marketing@lht.dlh.de)

[www.lufthansa-technik.com](http://www.lufthansa-technik.com)

Lufthansa Technik is the leading provider of aircraft maintenance, repair, overhaul and modification services for civil aircraft, from commercial to VIP and special mission aircraft. As the holder of international licenses for maintenance, design and production, we provide tailored maintenance programs, modifications, completions and conversions as well as innovative cabin products, material pooling and engine services, all seamlessly integrating with our digital fleet services offerings.

MTU AERO ENGINES AG

[info@mtu.de](mailto:info@mtu.de)

[www.mtu.de](http://www.mtu.de)

MTU Aero Engines AG is Germany's leading engine manufacturer. The company is a technological leader in low-pressure turbines, high-pressure compressors, turbine center frames as well as manufacturing processes and repair techniques. In the commercial OEM business, the company plays a key role in the development, manufacturing and marketing of high-tech components together with international partners. Some 30 percent of today's active aircraft in service worldwide have MTU components on board. In the commercial maintenance sector the company ranks among the top 3 service providers for commercial aircraft engines and industrial gas turbines. The activities are combined under the roof of MTU Maintenance. In the military arena, MTU Aero Engines is Germany's industrial lead company for practically all engines operated by the country's military.
