

ECM Trade Shows 2026 - 2027

Aerospace industry

As an individual exhibitor or within the German Pavilion, discover your ideal solution for participating in leading international trade fairs.

Your participation options at a glance

As the German representative of the organiser, ECM is your first point of contact for all the listed trade fairs. We will be happy to advise you on all matters relating to your participation options as an exhibitor within the German Pavilion or as an individual exhibitor.

German Pavilion

Within the German Pavilion, funded by the Federal Ministry for Economic Affairs and Energy (BMWE), you have the ideal opportunity to present your company in a cost-effective and high-quality way.

ECM is responsible for the entire preparation and organisation of the German Pavilion and is your first point of contact for all questions.

ECM Pavilion

Not all trade fairs have a German Pavilion that is funded by the Federal Ministry for Economic Affairs and Energy (BMWE).

For this reason, ECM organizes additional German Pavilions without federal funding for all exhibitors from the aerospace industry.

ECM is responsible for the entire preparation and organisation of the "Private German Pavilions" and is your first point of contact for all questions.

Individual Exhibitor

As an individual exhibitor, you can implement your stand concept with your stand construction. For smaller stands, the organiser usually offers a basic package as a more cost-effective option.

ECM is responsible for the initial contact with the organiser and ensures the optimal placement for your booth. We are also happy to support you with further questions regarding your trade fair participation.

What is the German Pavilion?

The **Federal Ministry for Economic Affairs and Energy (BMWE)** supports official participation in the Federal Republic of Germany's international trade fair and exhibition program. As an exhibitor, German companies can present their products and services under the "Made in Germany" brand in a **cost-effective** and **high-quality** way.

This federal participation is initiated and accompanied by the **German Aerospace Industries Association**.

ECM is responsible for organising the German pavilion and is your contact for all questions related to participation in the trade fair.

Your participation options within the German Pavilion

1. Turnkey exhibition stand with basic equipment

Included:

- ✓ Provision of the booked space within the pavilion
- ✓ Stand design "made in Germany"
- ✓ Company lettering or logo (depending on the specified stand design)
- ✓ Rear and side walls
- ✓ Furniture: 1 table, 4 chairs, 1 sideboard, 1 counter unit, 1 waste paper basket
- ✓ Uniform floor covering
- ✓ General stand illumination
- ✓ Power supply 220V (1 socket)
- ✓ Complete stand construction, including assembly and dismantling

Wall graphics and additional stand equipment can be ordered as additional services.

(subject to a fee).

Your participation options within the German Pavilion

Design example

2. Presentation Point (PP)

Included:

- ✓ Provision of the booked space within the pavilion, ca. 2 sqm
- ✓ Stand design "made in Germany"
- ✓ Company lettering or logo (depending on the specified stand design)
- ✓ Furniture: 1 bar table, 1 bar stool, 1 brochure rack
- ✓ Uniform floor covering
- ✓ General stand illumination
- ✓ Complete stand construction, including assembly and dismantling

Wall graphics and additional stand equipment can be ordered as additional services (subject to a fee).

Your participation options within the German Pavilion

Design example

3. Hall space without stand construction (from 50 sqm)

- ✓ From a minimum area of 50 sqm, you can implement your stand design.
- ✓ The stand space (adjacent to the German group pavilion) is included in the price. You are responsible for constructing your stand at your own expense.
- ✓ You can benefit from the general services of the German Pavilion.

Your participation options within the German Pavilion

Design example

4. Hall space with individual stand construction

- ✓ You can also participate outside the German Pavilion with an individual stand space. We will liaise with the organizer and show you suitable options for your presentation.
- ✓ The stand will be built according to your own design and by a stand builder of your choice. You will be responsible for the costs.
- ✓ For smaller stands, the organizer usually offers a basic package as a more cost-effective option.

Your individual design options

As part of the overall stand design, you have the opportunity to implement your corporate design and showcase your products and services in the best possible light.

For this purpose, we offer you various additional services:

- ✓ Wall graphics (professionally printed and mounted)
- ✓ Additional furniture, monitors, additional power supply, etc.
- ✓ Presentation options for your exhibits

You can easily order all additional services via our online shop.

If required, we will also be happy to provide you with an individual offer for your stand design within the framework of the basic design specified.

Please note that the additional services are not included in the package price and will be charged separately.

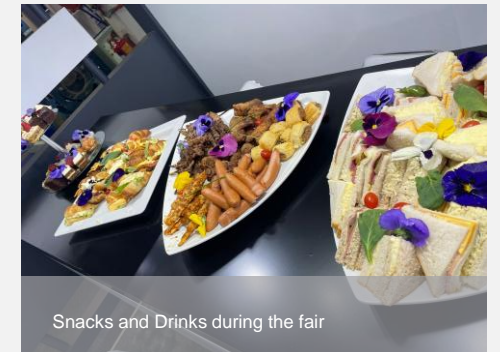

Benefits of participating within the German Pavilion

Your benefits and included services

- ✓ Participation options in a high-quality stand design at low costs

General meeting areas (open/closed, depending on design concept)

Full-service project management by ECM

Reception (at selected trade fairs)

Outstanding design „made in Germany“

How do I register for the trade shows?

Foreign Trade Show Participation Programme of Germany

- ✓ To register for all trade fairs, please register your company once and without any obligation at: [German Pavilion - Online-Registration \(german-pavilion.com\)](https://german-pavilion.com). This step is only necessary once and is valid for all future trade fair participations.
- ✓ Once your accreditation has been activated (1-2 working days), you can register online for the German foreign trade fair participation programme with immediate effect.

Individual exhibitor / ECM Pavilion

- ✓ Please send us an email, and we will send you all the relevant documents for participation.
