German Aerospace
Industries Association

> WELCOME

Dear Sir or Madam,

It is a great pleasure for me to welcome you to this year's presentation of the German Aerospace Industries Association at the Dubai Airshow 2015. We are very glad to be part of the exhibition again.

Running from November 8 to 12, 2015, the 14th Dubai Airshow is the foremost aerospace event in the Middle East and the fastest growing airshow in the world. For the second time, the Dubai Air Show takes place in impressive and brand new Dubai World Central. At this year's airshow the number of exhibitors has exceeded last year's all-time record: More than 1,100 exhibitors from all over the world will display their products and services. Congratulations on this most successful performance!

The German Aerospace Industries Association will be promoting its technological capability and industrial skills, which are renowned all over the world. Our branch serves as technology-driver and pioneer for a lot of industries worldwide. The strong German presence at the Dubai Airshow demonstrates the strength and strategic objective of the German aerospace industry as regards the

rapidly growing Middle East aerospace and defense market.

At this global business hot spot, 29 companies will be united under the roof of the almost 500-square meter German Pavilion. Another three will have individual displays.

All exhibiting German companies cover an extensive range of specialized solutions and services in the aerospace sector. They offer leading-edge products, up-to-date production facilities and a highly qualified, experienced workforce. Sharing an excellent international reputation for their impressive engineering skills and innovation capabilities, coupled with a background of international industrial cooperation, they are an excellent strategic choice for all business partners in the Middle East and worldwide.

We are looking forward to welcoming you and wish you every success during this year's Dubai Airshow!

Best regards,

Volker Thum
Managing Director, German
Aerospace Industries Association
(BDLI)
