CONNECTING WORLDS – SAVING LIVES.
It is our mission to connect worlds, save lives, and master major challenges.
We consider this to be our responsibility.
The German aerospace industry is successful globally due to its track record of innovation and creating cutting-edge technologies.

WE ARE ...
... the voice of the German Aerospace
... at the forefront of innovation
... a driver of jobs

GERMAN AEROSPACE INDUSTRIES ASSOCIATION (BDLI E.V.)

contact@bdli.de

www.bdli.de

BDLI: The Voice for the Future of German AeroSpace

The German Aerospace Industries Association (BDLI) is the primary representative of the aerospace sector in Germany and includes more than 250 member companies along the entire value chain. In 2020, the German space industry generated a turnover of 2.3 billion euros and had around 9,600 employees. On this basis, BDLI engages in dialogue with political institutions, authorities, trade associations and governments at home and abroad.

BOYSEN GMBH

info@boysen.aero

www.boysen.aero

Since 1967, Boysen GmbH is specialized in the distribution of Aerospace Standard Hardware, holding a large stock of metric and imperial hardware.

With our multinational team we provide logistic services, such as Bin Management, VMI, Consigned Stock, KanBan, Kitting, DLF and others to our customers worldwide.

We have more than 50 years of knowledge in Aerospace Standard Families including: ABS, AN, ASNA, ASNE, CAN, DAN, DIN, DOLN, ECS, EN, HST, LN, MBBN, MS, NAS, NFL, NSA, PAN, TAN and many more.

We are EN/AS9120 certified and we are a qualified supplier of many OEMs and Airlines, including Airbus, Dassault, Diehl Aviation, Liebherr Aerospace, Lufthansa Technik and many more.

FLEXICAM GMBH

info@flexicam.com

www.flexicam.com

With constant innovations to the product line and commitment to high quality products with an excellent price-performance ratio, FlexiCAM has become a worldwide industry leader in 3-, 4- and 5-axis CNC machining centers.

FlexiCAM offers state-of-the-art manufacturing solutions specifically for the aerospace sector.

Technical consultancy and after-sales support is available through numerous offices and technology centers all over the world (including India and United Arab Emirates).

GERMAN UNMANNED AVIATION ASSOCIATION (VUL)

info@verband-unbemannte-luftfahrt.de

www.verband-unbemannte-luftfahrt.de/en/

The GERMAN UNMANNED AVIATION ASSOCIATION (VUL) is a joint initiative of the German Aviation Association (BDL) and the German Aerospace Industries Association (BDLI). The new association focuses on the challenges of licensing commercial unmanned aircraft systems and integrating them into the existing air traffic system. The safe coexistence of manned and unmanned aviation is at the forefront in this regard.
